SUMMARY

A detail-oriented Full-Stack Developer with a strong foundation in computer science and practical experience building web and mobile applications. Proficient in Flutter, Node.js, and Firebase, with a passion for building impactful solutions to solve real-world problems.

EDUCATION

Bachelors in Software Engineering

COMSATS University
Islamabad,
Lahore Campus
2023 - 2027

F-.Sc (Pre-Medical)

BISE Multan
2019 - 2021

Matriculation (Bio-Sciences)

BISE Faislabad
2017 - 2019

PROJECTS

SAW Event Management

- Developed a Java desktop application using JavaFX and OOP principles to efficiently create, update, and manage events through an interactive GUI.

FALL 2023

Harvest Hustle

- Implemented a C++ console game by applying core Data Structures & Algorithms (trees, linked lists) to manage game state and level progression.

Spring 2024

HMS (Hotel Management System)

- Designed and implemented a comprehensive SQL database to manage all hotel operations, including guest records, room status, services, and billing.

FALL 2024

EaseToCure Website

- Built a full-stack web application using Node.js and Firebase for a medicinal information system, featuring user authentication, reviews, and an admin dashboard.

Spring 2025

EaseToCure Mobile App

- Developed a cross-platform mobile app with Flutter and Firebase, enabling authenticated users to search medicines, calculate BMI, and manage personal health profiles.

Spring 2025
